BODEGAS MARTÍNEZ SÁEZ

Bodegas Martínez Sáez was created by Ángel Martínez López in the early 1990s in La Mancha. The vineyards are located in the Finca San José, in the Albacete town of Villarrobledo.

The idea was born as a result of the founder's industrial origins, which decided to give added value to a very characteristic product of our region.

The vineyards are located in the Finca San José, Villarrobledo (Albacete), with an area of more than 500 hectares, occupied not only by vineyards, but also by cereal and olive groves.
